

Snow particles

2. Decomposing and fragmented precipitation particles

2.1. Partly decomposed DFdc

6. Melt forms

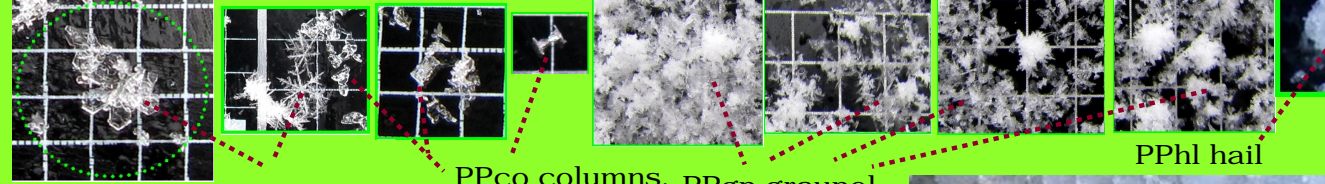

4. Depth hoar

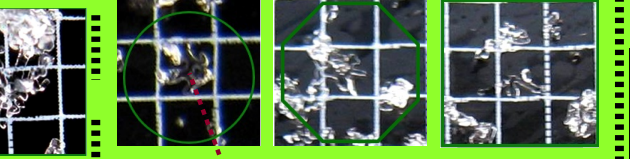

4.1. Hollow cups DHcp

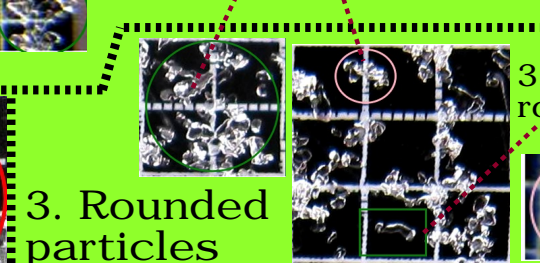

1. Precipitation particles

2.2. Wind broken DFdk

3.1. Small rounded RGsr

3.2. Large rounded RGr

3.3. Faceted crystals

3.3.1. Solid faceted FCso

3.3.1. Rounded faceted FCxr

PPsd stellae

PPco columns, dendrites

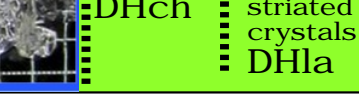

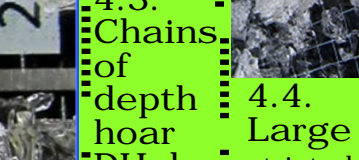

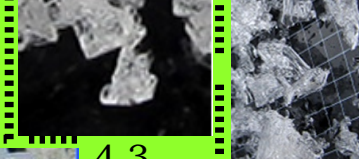

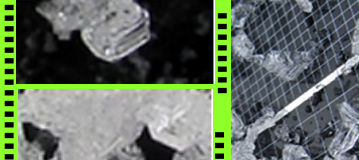

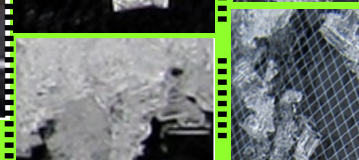

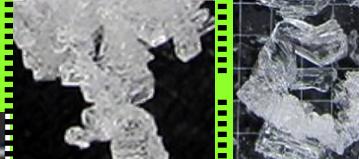

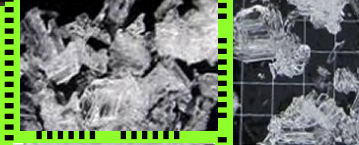

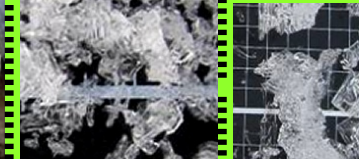

PPgp graupel

PPhl hail

PPri rime

PPip ice pellets

5. Surface hoar crystals

4.2. Hollow prisms DHpr

4.3. Chains of depth hoar DHch

4.4. Large striated crystals DHla
